## High Impact Scale-Up Coaching Grants

Are you ready to take your business to the next level?

## 65% of UK scale-up companies said access to leadership development and training would be vital to their continued growth.

There is strong evidence that good coaching can accelerate business growth. That's why we're awarding grant payments of £2,500 - £5,000 to ambitious West of England businesses looking to invest in business coaching.

Grants can help to fund strategic business coaching, leadership development, management training or the cost of hiring a non-executive director.

We want to speak to:

- Aspirational businesses in the West of England
- With approximately 2 years of sustained growth
- Between 7 and 250 employees
- Who want to work with an external coach or trainer to accelerate their business to the next stage of growth

**Arrange a one-to-one meeting to discuss your business needs and start accelerating your business growth today!**

### Cost

£ Grant payments of £2,500 - £5,000 will be made to successful applicants investing between £10,000 and £20,000 (excluding VAT) in business coaching, leadership development, hiring a non-executive director and / or peer-to-peer activities for leaders.

Grants are awarded on a case by case basis.
