

EMOTIONAL ABUSE

I love you.

I think you're great.

Don't worry I was checked.

I won't leave.

I promise I won't lie.

I wouldn't ever hurt you.

I love you. I need you.

I think you're amazing. I think you're the best. I think you're the one.

You mean everything to me. You and I will last forever.

You are mine and I am yours. I won't ever cheat on you. I won't ever hurt you. I won't ever give you a reason to leave. I won't ever give you a reason to hate me. You're beautiful. You're gorgeous. You're stunning.

I love you. I want you to have my children.

I want to marry you. I want to grow old

with you. I want to live with you.

Everyone is jealous of you. I'm lucky to have you. You're going to be mine forever.

I'm never letting you go. I do really love you.
STOP QUESTIONING ME!

Please believe me. Why don't you believe me?

I know what they've told you. But they're lying. They made a mistake. They're just trying to ruin

us. They're just jealous of what we have. It's all your fault. You made me do this. This was because

of you. It's really not what it looks like though. I can't love you. I love you. Don't do this to me.

If you ever leave me I'll die. I can't live

without you. I need you. I love you. I can't face this world without you. Don't do this to me.

Without you my world means nothing.

It was never your fault. It never will be. Get help.

Don't let your abuser win.
