

What Does Good Look Like in relation to working with children who are reported missing in South Gloucestershire?

Click on the lightbulbs for further information

Schools review misper reports they receive in order to provide support and early help to the child and their family

Return Home Interviews identify clear push and pull factors, make clear analysis of risk and succinct recommendations in a timely manner

Police Trigger Plans

Are clear and in place for children who repeatedly go missing

Police seek to disrupt groups of young people who go missing together or who congregate in the same locations together

Practitioners from all agencies make use of the protocol provided on the SGSCB website

Are renewed and updated as necessary after every missing episode by lead professional/ police to ensure it contains correct information to enable a timely and effective response

Practitioners note push and pull factors in their ongoing work to try to reduce the risk of future missing episodes

All agencies who come into contact with a child who has been reported missing consider risk in relation to CSE, CCE, Modern Slavery and Trafficking and appropriate guidance is followed when there is a concern. NRM referrals are made as appropriate.

Police Beat officers are allocated to children who repeatedly go missing to try and reduce episodes and where possible do the safe and well checks

SAF/CiN/CP/LAC Plans for children who go missing include specific actions to reduce missing episodes and are regularly reviewed to ensure their plan is meeting their needs

Children are given the leaflet designed by young people in South Gloucestershire by police when they do a safe and well check
