04.06.16	Domestic disturbance; parents drunk; poor home conditions; child with injury	Strategy discussion; S47 investigation; child placed in foster care	ICO applied for, children remain in care	High		

Example Genogram

A genogram is a quick and simple way of capturing family structures, particularly those that are more complex. It can be useful to complete at the start of an assessment or whenever there is a need to gather information about family relationships, gender, ages etc. There are standard symbols, e.g. males are always represented by a square, females by a circle, marriage/civil partnerships represented by a solid line. The example below shows a very basic family structure

- John was born in 2011
- Sara was born in 2013
- Their dad was born in 1991, their mum in 1995
- The parents are married
